To Whom it may concern,

I have had the great pleasure of teaching and mentoring Isabella over the past few years. She is an amazing young artist. She has consistently worked hard and produced great work. Even more impressive to me is her ability to take direction and work hard until the project is completed at a high level. Further she has consistently gone above and beyond to improve her work. Her 3D eye is very advanced and she understands how to translate designs for production.

I have watched her grow as an artist over the years at a rate that far surpasses any student I have worked with. I hope you will decide to have her join your internship. I can guarantee she will make a great asset for your team!

Please feel free to contact me with any questions.

sincerely
